Question: What edition of the textbook should we use?

Answer: Richard A. Brealey, Stewart C. Myers, Franklin Allen, and Alex Edmans, *Principles of Corporate Finance*, 14th edition, January 2022

The textbook is updated every two or three years, but the content does not change much. You may also use the any edition from the 7th to the 13th. The discussion forum postings have page numbers in each module for the 14th edition and for many of the past editions.

Question: Do I buy the text or does NEAS supply it?

Answer: You purchase the textbook; NEAS supplies all additional material: illustrative questions and answers, homework assignments, practice problems, and explanations.

Question: Where can I get the textbook?

Answer: Most university bookstores have the text. It can also be ordered from internet booksellers, such as Amazon.com. If you live in North America, you receive the book within two or three days. If you live outside North America, it may take longer (about 7 to 9 days to send the text to Asia).
